About WWV

World Wide Vision Private limited is a leading company in practice since 1992. The company engaged to undertake various contracting projects during last decades. Over the years, up to Dec 2021, we have completed over 450 contracts.

With our technical team, we help our customers specify solutions and make informed purchasing decisions around technology, applications, and relevant standards. Throughout the world, we provide innovative & appropriate solutions to meet the requirement of customers.

World Wide Vision has accumulated abundant experience in the fields of Building Management System, Communication, Security & Surveillance Systems, Fire Alarm, Access Control system and establishment of control rooms equipped with state-of-the-art equipment from reporting mechanism/network to monitoring screens. We possess wide and stable overseas training, conducted by Original Equipment Manufacturers to be able to provide after sales support to our valued customers.

We have over 26 years' experience and ability to deliver contracts on time and within budget. We are able to design, supply and undertake installation & commissioning for any size of project.

Our company is pioneer to introduce Video Wall in Pakistan as we imported Toshiba Video Wall for 9th SAF games 2001. Our installed video Walls are in operation in various control Rooms and other projects in Pakistan.
